2. **We only do a maximum of one Wedding per day.** We don't want you to feel rushed at your wedding. We are much more interested in creating beautiful keepsakes of your precious memories than shooting hundreds of weddings a year. We want you to have the freedom of changing plans at the last minute if you need to. Weddings can be unpredictable and we feel you simply can not rush if you want to create memories full of joy and love.
3. **We meet with you 30 days prior to the Wedding to help you with all of your planning.** It is important to A&S Photography your wedding day run smoothly and stress free. That is why thirty days before your wedding date we will schedule a planning session to create the perfect photography schedule for you. This is also an opportunity for us to get to know you better and give the couple the opportunity to be involved with every photographic decision. It takes patient and careful planning to create portraits that are pleasing to our clients and so satisfying for us personally.
4. **We specialize in Wedding Photography.** We love photographing weddings that is why 98% of our business comes from Wedding Photography. Our enthusiasm results in photographs that are much better and more special to you. It is so important to have a wedding photographer who is excited about weddings rather than one who will not be having fun while he or she is working with your family and friends. Why? Because it will show on the expressions of your loved ones.
5. **All of our Wedding Packages are customizable to your needs.** We understand that you may have a budget in mind. That is why all of our wedding packages can be customized to better fit your specific needs. During your free consultation we will ask you questions about your wedding and make recommendations. If there is something included that you don't need, we will take it out, or we can add anything that you feel is missing. The final decision is always yours.

Our Mission

A & S Photography exists to create high quality photographic images in the Tri-state area for clients who appreciate an honest business that delivers what it promises with a high degree of customer service necessary to create the very finest quality of photographic art.

Wedding Package Overview

Congratulations on your engagement and upcoming wedding. Once the shock begins to wear off, you're probably going to have a lot of questions about the whole wedding process. But don't worry; A & S Photography has been designed to help you make planning your wedding photography as easy and stress-free as possible.

In order to get you to the big day in one piece, we've simplified everything into small easy steps. You'll have a free consultation to meet Ange, the photographer, and she will show you samples from other weddings. Together you will discuss your photographic needs and Ange will give you advice to help make your ideas a reality. If you decide A & S Photography is for you, we will complete a wedding contract and a 1/3 payment of your total wedding package to reserve your wedding date.

For the next couple of months you won't need to think about photography again. A & S Photography will do all the thinking for you. If you have an engagement session or bridal session before the wedding, we will contact you when it is time to schedule the appointment so you won't have to think about it. When the 30 day planning session and payment are due, we will contact you so you don't have to try and remember. A & S Photography will make a photographic schedule for you based on the information you give us during the planning session. We will type it up and send you copies to give out to your family members and bridal party so everyone will be prepared, and save you the time making one yourself.

A & S Photography knows a lot about weddings and we are always happy to share that information with couples. We periodically send out e-mails and letters with great planning ideas and information. On the wedding day if you need advice on a matter don't hesitate to ask. Ange has shared in many weddings and may have the right answer for you. And always remember, this is your once in a life time experience, anything you want on the wedding day Ange will be more than happy to do. Whether it's going to a park location or a family shot with 80 people, just let us know and with careful planning everything is possible.

Our custom planning sessions...

It is important to A & S Photography your wedding day run smoothly and stress free. That is why thirty days before your wedding date we will schedule a planning session to create the perfect photography schedule for you. This is also an opportunity for us to get to know you better and give the couple the opportunity to be involved with every photographic decision. It takes patient and careful planning to create portraits that are pleasing to our clients and so satisfying for us personally.

Pose List and Black and White images

All of our wedding packages include a pose list to check off desired images for your wedding day making it hassle free to let your photographer know what you're looking for. If you have something specific in mind, make sure to let the photographer know and write it on your pose list. If you would like black and white photographs just indicate on the pose list which images you are interested in having done in this artistic format. There are no additional costs for black and white, so you will not have extra price lists or fees.

The Rehearsal

The photographer will attend the rehearsal at the ceremony location for all packages. It is important for the photographer to meet everyone before the wedding day, and help coordinate the ceremony for the best possible photographic results.

Proof Albums

All of our wedding packages include a proof book with 3 1/2 x 5 inch prints created from high quality Kodak professional film. The photographer personally designs the layout of the proof album to create a romantic narrative of your wedding day. We have many proof albums to choose from. The covers are made of simulated and genuine leather and are embossed in gold or silver with the bride and groom's names and wedding date, a perfect keepsake to preserve your perfect day. Proofs provide a sample image of your wedding day, showing people's expressions and poses. They are used to select the images you want included in your wedding album. Proofs are not retouched or cropped. They are an unfinished, raw example of the images. The proof album is also yours to keep.

Wedding CD and Web hosting

A wedding CD of all the images from your wedding can be added to your package at a cost of \$100. UP to 200 images, depending on what wedding package you select, can be posted to a web site with an additional cost of \$100, a great way to share the memories with family and friends. To order web site hosting you must also buy a CD. The web site is open to the public; you can choose not to have this option for privacy. The photo CD is easy to use and includes the viewing software. The software allows you to see larger sizes of the images that are sharper, an advantage over traditional paper proofs. You can also choose to receive only a photo CD without a proof album with most wedding packages.

Digitally manipulated pictures

Images can be digitally altered to create unique wedding images. This technique is only limited to your imagination. Some manipulated images will require pre-planning to be able to create them. The photographer will discuss these options in more detail at the free consultation and 30 day planning session. **Note:** The images will not be pre-manipulated in your proof book; only the un-manipulated images needed to create the final product will be in the proof book. It is up to the client to pick which images will be used for the final manipulated image and order the final product as a reprint at the Digital reprint order prices.

NOTE:

All prices are subject to change without notice. West Virginia sales tax of 6% will be added to all above packages. A **\$50 minimum travel fee** will be added to all weddings 30 miles outside of Inwood, and **\$250 minimum travel fee** for more than 50 miles. A 1/3 minimum deposit is required to hold the date of the wedding, which will count towards the selected package. A second payment of 1/3 will be due 30 days before the wedding, and the remaining 1/3 due on receipt of the proof album. ANY DEPOSIT MADE WILL BE NON-REFUNDABLE 120 DAYS BEFORE THE SCHEDULED DATE OF THE WEDDING.

A & S Photography's 100% Guarantee

A & S photography is so confident you will love the service and product you order that we offer a 100% money back guarantee. Within ten days if you decide you are not happy with your images you can return them and receive back all money paid toward that product. If there are any mistakes or imperfections in your order just let us know and we will fix it to the best of our ability. We want you to have complete piece of mind about where you are investing your hard earned money.

Proofs

There are many different options when it comes to proofs. There are the traditional paper proofs which A & S Photography still uses. There are proofs on CD-rom another option we offer. There are video proofing and projection proofing which are not currently offered, and on-line proofing which is offered on a limited basis.

Paper proofs provide a sample image of your wedding day, showing people's expressions and poses. They are used to select the images you want included in your wedding album. Proofs are not retouched or cropped. They are an unfinished, raw example of the images. At A & S Photography we give you a proof book that contains 3 1/2x5 proof prints. How many depends on your package. It normally takes 4 weeks to get the proof album put together. Once the couple gets the proof album it is their responsibility to show it to family and friends and collect any orders they would like to place.

CD-rom proofs are also offered. These are nice because they are small and light weight and easy to travel around with. You can also e-mail photos to friends and family or order copies of the CD to send to distant family. You can also see the images in different sizes and crop and play with them on your own.

On-line proofing is becoming very popular. At A & S Photography we offer this service only to those who order a CD. We put about 200 images on the web-site that are selected by the photographer. The site is open to the public.
